

Invitation to the interesting lecture and discussion

Speaker: IIASA Director General *Dr. Albert van Jaarsweld*

Lecture title: *„Global Change and System Solutions“*

Date: November 24th, 2022

Time: 10:30-11:30

Room: AMOS presentation centre

Dearest friends,

on November 24th, 2022, Faculty of Natural Sciences of Comenius University in Bratislava (FNSCU) and IIASA (International Institute for Applied Systems Analysis) will sign the Memorandum of Understanding for Scientific Cooperation. By this kind symbol of networking we would be pleased to invite you to the lecture *„Global Change and System Solutions“* that will be given by IIASA Director General **Dr. Albert van Jaarsweld** in **AMOS** at **10:30** (planned till 11:30).

We are looking forward to see you there

prof. Peter Fedor

dean of FNSCU

Additional information

IIASA

The International Institute for Applied Systems Analysis (IIASA) is an independent international research institute located in Laxenburg, near Vienna, in Austria. Through its research programs and initiatives, the institute conducts policy-oriented interdisciplinary research into issues too large or complex to be solved by a single country or academic discipline. This includes pressing concerns that affect the future of humanity, such as climate change, energy security, population aging, and sustainable development. The results of IIASA research and the expertise of its researchers are made available to policymakers in countries around the world to help them produce effective, science-based policies that will enable them to face these challenges.

Dr. Albert van Jaarsveld

On the international front, van Jaarsveld has served as co-chair of the Millennium Ecosystem Assessment follow-up: Sub-global assessments, and as a member of the International Council for Science (ICSU) nominations committee. He held positions as Intergovernmental Science-policy Platform on Biodiversity and Ecosystem Services science focal point; Chair of the G8 science ministers' group of senior officials on global research infrastructure; Chair of the International Group of Funding Agencies; Co-Chair of the Belmont Forum; and as a member of the ICSU review panel (2013-2014). He was also part of the Intergovernmental Science-Policy Platform on Biodiversity and Ecosystem Services (IPBES) external review panel (2018-2019), the Global Forum of Funders International Science Council (ISC) Working group on Global Sustainability Science Funding Action 2020-2030 (2019-2021), member of the Future Earth external review Panel (2020), and a member of the ISC Commission on Global Science Missions for Sustainability (2021).
